LIVER PILLS FOR THE CURE OF Hepatitis, or Liver Complaint,

Symptoms of a Diseased Liver. DAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulrheumatism in the arm. The stomach s affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax: the head is troubled with pain, accornpanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it.
